

# Knifemaking Tools & Equipment for Sale

**NOTE: \*\*** All the large and/or extremely heavy items listed as “pick up only” are currently located in the Baton Rouge, LA area. All other items will have actual shipping costs added to the listed prices\*\*

**\*\*** All items on this list were purchased new except the Treadle Hammer and the Variable Autotransformer which were purchased used. All items were then placed in storage and never used due to health problems. The Band Saw has been lightly used since purchased but still like new and the DVD's have been watched only once or twice and still like new. Everything else has never been used. Photos can be provided on request. All prices are negotiable within reason. The more you buy the better the price.

## Custom Built Forge - (New & Never Used) Will not ship. Pick up only. Will not ship

Build was based on Ed Caffrey Forge Plans. It is built from a 16 3/4" length of 12 3/4" dia. X 3/8" thick pipe. It is lined with 3" of high temp refractory plaster which reduces it to a 6" dia. entry and exit opening. The rear of the forge also has a 6" opening that is designed to allow forging even longer blades and is covered with fire brick when not in use. This forge is extremely heavy and well built. Will last a lifetime. Never used and only fired up to verify proper working condition. Includes heavy duty forced air blower, propane regulator, valves, gas line and connectors. \$175
